

Are you confused by the many systems of Reiki being taught nowadays – with their countless techniques and multitudes of symbols? It seems that Reiki has, in fact, been turned into a system of ritual magic, for personal manipulation. Would you like to find out what Reiki's founder, Mikao Usui, actually taught – a 'method for achieving personal perfection' – and what he meant by the word 'reiki'...?

Don Beckett has been practicing Reiki since 1991 and initiating others into it since 1999. Over the years, his understanding of what reiki is and how it works has grown enormously – but, it has grown more and more simple, *NOT* more complex. Don reveals the simplicity in his book *Reiki, the True Story*. Based in Arizona, he recently returned to the States after a teaching tour of Serbia, Romania, Italy and Turkey. He will be in the DeKalb, Illinois area to talk about the book and teach classes on Reiki.

Autographed books will be available.

Illinois Class Schedule and fees

the Reiki dog, will also be present.*

About the book:

REIKI, The True Story is a comprehensive investigation of Reiki as both a healing practice and a lifelong path of spiritual awakening. Author and Reiki teacher Don Beckett weaves together a new story about Reiki's origins and its founder's true vision. The foundation of this book is the teachings of a group of Reiki founder Mikao Usui's original students, who held their master's knowledge in secrecy for more than seventy years.

After a general introduction to Reiki, Beckett presents a thorough history of the discipline -- including the testimony of some of Usui's students -- as well as an in-depth manual for practice. The author rounds out his exploration with material from world-renowned, contemporary Reiki Masters, his own insights into the nature of Reiki energy, and information about the chakra system, yin and yang, and the Five Transformations. ***Reiki, The True Story*** concludes with a section entitled "Beyond Reiki," bridging knowledge of Reiki and the lesser-known Johrei.
